Find a Doctor or Hospital

Tokio Marine HCC - MIS Group maintains relationships with hospitals and doctors throughout the world.

Many of your provider selection decisions will be based on geographical location and provider specialties. Search for participating providers by clicking on the appropriate U.S. or international link below.

Inside the U.S.

When seeking treatment in the U.S., you may reduce your out-of-pocket costs by using an independent preferred provider organization (PPO). A PPO is a separately organized network of hundreds of thousands of established, highly qualified medical practitioners and well-recognized hospitals in the U.S.

Please refer to the logo on your ID card to identify your PPO network. You can find your ID card in Client Zone at zone.hccmis.com/clientzone under "Policy."

NOTE: If you're a member of an Atlas Group plan and unsure of your account information, please contact your program administrator.

If you are traveling within the U.S. and have the First Health logo on your ID card, as shown above, then click here.

If you are traveling within the U.S. and have the UnitedHealthcare logo on your ID card, as shown above, then click here.

NOTE: Please contact the office of the physician you have selected to ensure the facility is in the network. The PPO directory is updated on a routine basis. However, changes may be made between updates.

Outside the U.S.

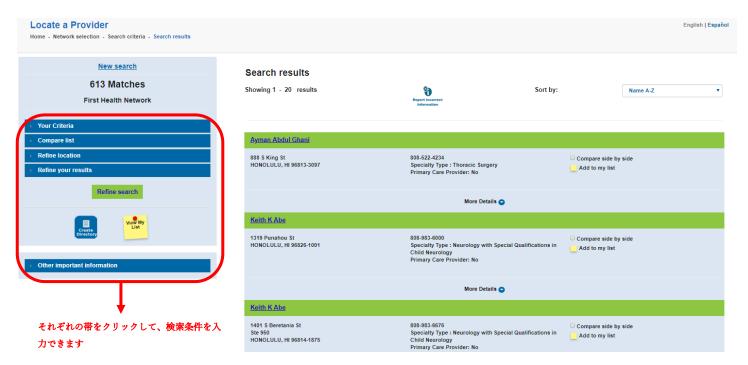

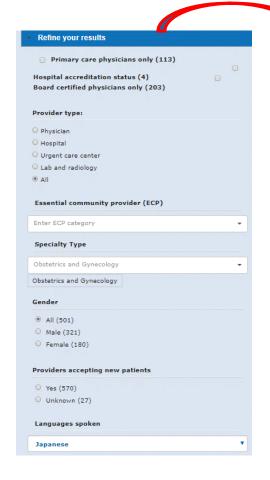

If you are traveling outside the U.S. and have the Equian logo on your ID card, as shown above, then click here.
