

Atlas Travel®

The Atlas Travel plan from WorldTrips, a member of the Tokio Marine HCC group of companies, is with you almost anywhere in the world you may travel for vacation, study abroad, corporate travel, or mission work.

Why Choose Atlas Travel®?

Whatever your reason for venturing abroad, we believe international travel should be a pleasant experience. However, travel mishaps and emergencies such as illness, injury, and natural disasters can happen despite preparation.

WorldTrips' international travel medical insurance plans can provide coverage and support to help you to explore the world with confidence. Our Atlas Travel plan includes coverage for unexpected medical expenses, emergency travel benefits, and multilingual travel assistance services.

Do I need travel medical insurance?

Many times, the primary medical insurance in your home country offers little or no coverage for medical expenses incurred as you travel outside of your home country. Atlas Travel provides international travel medical coverage including plan benefits like Emergency Medical Evacuation, Hospital Room and Board, and Crisis Response for kidnap and ransom situations abroad.

For more information about Atlas Travel, please visit worldtrips.com.

After purchasing coverage, how can I trust the company to be there if I need them?

What's Covered by Atlas Travel®?

Emergency Medical Evacuation and Emergency Reunion

Would you know what to do if you found yourself in a life-threatening situation far from home? Atlas Travel will cover eligible expenses necessary to transport you from an initial treating facility to the nearest hospital qualified to treat your life-threatening condition. We also understand the importance of family support in these difficult situations. Atlas Travel will also cover the transportation, lodging, and meal costs for a relative to join you after a covered emergency medical evacuation, up to the lifetime limit.

Repatriation of Remains

What would your family do if disaster strikes while you are away from home? The death of a loved one is never easy, no matter the circumstances. In the unfortunate event of your death while traveling abroad, Atlas Travel will arrange for and cover eligible costs associated with the repatriation of your remains.

Return of Minor Children

If you are expected to be hospitalized for more than 36 hours due to a covered injury or illness and covered children under 18 years of age will be left unattended as a result, Atlas Travel will cover the eligible transportation cost for the children to return home.

Terrorism

If you are in the wrong place at the wrong time, and the country or region you're visiting is NOT under a level 3 or

higher travel advisory, Atlas Travel offers coverage for eligible medical expenses resulting from those acts. Coverage excludes countries or regions for which the U.S. Department of State has issued a level 3 ("reconsider travel") or higher travel advisory in the 60 days prior to your arrival date.

Political Evacuation

If, during the coverage period and after your arrival, the U.S. Department of States issues a level 3 or higher travel advisory for your destination country, Atlas Travel will coordinate your alternate departure arrangements from that country and cover eligible associated costs.

Natural Disaster – Replacement Accommodations

If a natural disaster occurs on your trip, causing you to become displaced from your planned and paid accommodations, Atlas Travel will provide relief of a maximum of \$250 a day for 5 days to help cover the costs of alternative accommodations.

Acute Onset of Pre-Existing Conditions

Atlas Travel provides a limited benefit up to the medical coverage lifetime maximum for eligible medical expenses. If you are younger than 80, you may be covered for an acute onset of a pre-existing condition. This also includes up to a \$25,000 lifetime maximum for emergency medical evacuation.

An acute onset of a pre-existing condition is a sudden and unexpected outbreak or recurrence that is of short duration, is rapidly progressive, and requires urgent care. A pre-existing condition that is a chronic or congenital, of that gradually becomes worse over time, is not acute onset of a pre-existing condition. The Acute of Pre-existing Conditions benefit will only apply if all of the following conditions are met:

a. The Acute onset of a Pre-Existing

- Condition does not directly or indirectly relate to a chronic condition or congenital condition;
- b. Treatment must be obtained within twenty-four (24) hours of the sudden and unexpected outbreak or reoccurrence;
- c. You must be under eighty (80) years of age;
- d. You must not be traveling against or in disregard of the recommendations, established treatment programs, or medical advice of a physician or other healthcare provider;
- You must not be traveling with the intent or purpose to seek or obtain treatment for the pre-existing condition;
- f. You must be traveling outside your home country

Hospitalization and Outpatient Treatment

If a covered illness or injury requires hospitalization, the plan provides coverage for eligible costs associated with hospitalization, including intensive care unit and outpatient treatment.

Sports Coverage

Atlas Travel includes coverage for eligible injuries and illnesses that could occur while participating in many popular vacation sports — skiing and snowboarding (recreational downhill and/or cross country), snorkeling, water skiing, and others — at no additional cost. Certain extreme sports are excluded from coverage.

Complications of Pregnancy

Atlas Travel offers coverage for complications of pregnancy during the first 26 weeks of gestation.

Crisis Response

Atlas Travel offers up to \$10,000 (or up to \$100,000 if **additional coverage is selected) to offset costs associated with kidnapping, such as ransom, crisis response expenses, and loss

^{*}The description of coverage in these pages is for informational purposes only. Actual coverage will vary based the terms and conditions of the policy issued. The information described herein does not amend or otherwise affect the terms and conditions of any insurance policy issued by WorldTrips or its affiliates. In the event that a policy is inconsistent with the information described herein, the language of the policy will take precedence.

^{**}A pre-existing condition means any injury, illness, sickness, disease, or other physical, medical, mental, or nervous disorder, condition, or ailment that, with reasonable medical certainty, existed at the time of application or at any time during the 2 years prior to the effective date of this insurance, whether or not previously manifested, symptomatic or known, diagnosed, treated, or disclosed to us prior to the effective date, and including any and all subsequent, chronic or recurring complications or consequences related thereto or resulting or arising therefrom

^{***}A buy-up of an additional \$90,000 is available for selection, which includes the added benefit of a \$10,000 maximum for natural disaster evacuation

of personal belongings. This benefit includes access to the services of Unity Crisis Group for advice, coordination with law enforcement, and negotiations during a kidnapping.

Personal Liability

Atlas Travel offers up to \$25,000 (or up to \$100,000 if additional coverage is selected) to offset the following types of court-entered eligible judgments or approved settlements incurred by the member:

- Third-party injury;
- Damage/loss of a third party's personal property;
- Damage/loss of a related third party's personal property.

Enrollment and Filing a Claim

Incidental Home Country Coverage

You must have purchased three months of coverage for the Incidental Home Country Coverage to be in effect.

For individuals with U.S. as home country, for every three-month period during which the member is covered hereunder, medical expenses incurred in the U.S. are covered up to a maximum of 15 days.

For individuals with a home country other than the U.S., for every threemonth period during which the member is covered hereunder, medical expenses incurred in the member's home country are covered up to a maximum of 30 days.

Any benefit accrued under a single three-month period does not accumulate to another period. Failure of the member to continue his or her international trip or the member returning to their home country for the sole purpose of obtaining treatment for an illness or injury that began while traveling shall void any incidental home country coverage.

Benefit Period Medical Coverage

While the certificate is in effect, the benefit period does not apply. Upon termination of the certificate, including when you return to your home country, the benefit period applies for up to 90 days only to eligible medical and dental expenses directly related to an injury or illness that was diagnosed or treated while the certificate was in effect. The benefit period begins on the first day of diagnosis or treatment of a covered injury or illness made while you are outside your home country. The benefit period applies whether or not you return to your home country.

Enrollment

You may access the online quoting and purchasing system, or you may complete an application and mail or fax it, along with your payment, to your agent or to WorldTrips.

Claim Filing

You may file a claim by completing and submitting a Claimant's Statement and Authorization form along with proof of claim (itemized bills, payment receipts, etc.).

You may complete and submit the form and necessary attachments online through Member Portal at https://worldtrips.my.site.com/MemberPortal
OR you may download the claim form
and submit it alongside proof of claim via

postal mail to the address on the form.

We must receive proof of claim within 60 days of the last day of your certificate period (or for claims incurred during a benefit period, 60 days from the date the claim is incurred).

Patient Protection and Affordable Care Act ("PPACA"): This insurance is not subject to, and does not provide certain insurance benefits required by, the United States' Patient Protection and Affordable Care Act ("PPACA"). PPACA requires certain US citizens or US residents to obtain PPACA compliant health insurance, or "minimum essential coverage." PPACA also requires certain employers to offer PPACA compliant insurance coverage to their employees. Tax penalties may be imposed on U.S. residents or citizens who do not maintain minimum essential coverage, and on certain employers who do not offer PPACA compliant insurance coverage to their employees. In some cases, certain individuals may be deemed to have minimum essential coverage under PPACA even if their insurance coverage does not provide all of the benefits required by PPACA. You should consult your attorney or tax professional to determine whether this policy meets any obligations you may have under PPACA.
